

Camano Cooperative Water & Power Company ("CCWP")
994 S Gary Lane, Camano Island, WA 98282
360-387-7363

Waiver

The undersigned member ("Member") of the Camano Cooperative Water and Power Company ("CCWP") has requested permission to access the property known as the Springs 2 x 20 acres parcel (the "Property"), owned by CCWP, for the purpose of a tour to take place on December 2, 2024 ("Tour"). The Member acknowledges that the Property is undeveloped acreage with roads and pathways that are infrequently used, not maintained, and may contain difficult conditions for walking, such as uneven ground, stones, fallen trees, wet areas, and steep areas, and represents that the Member has suitable skills and is in suitable condition to deal with such conditions. The Member agrees, in consideration of receiving permission to access the Property (the receipt and sufficiency of which is acknowledged), to release and forever acquit CCWP, its employees and Board members, from all liabilities, claims, and judgments whether for injury, loss, or damage, including loss of life ("collectively "Liabilities"), whether to Member or a member of Member's family, that may occur on or about the Property. This Release is effective for all Liabilities that occur within three years after the Date specified below.

The Member also acknowledges that access to the Property is through private property owned by owners who have consented to access over their property for the purpose of this Tour only. The Member is not permitted to enter these properties at any time other than for the Tour to take place on December 2, 2024. To access these properties at any other time without the owner's permission would be trespassing and subject to prosecution.
